Hamмам

A Hammam literally means “spreader of warmth”. It is the word given to the sensual bathing retreat that has evolved over thousands of years, and is still an incredibly important part of the Moroccan culture. Men, women and children visit their local hammam once or twice a week, to catch up with gossip, and follow the traditional rituals for cleansing their bodies, which leaves their skin glowing. Our Hammam gives you a taste of this indulgent pampering experience, with the full ritual of savon noir and exfoliating scrub, and a relaxing full body and head massage using the local miracle Argan oil.
Price £35 per person.

Yoga

A revitalising session in our fabulous open-air studio. All standards welcome.

Price £10pp, for a minimum group of 7.

Ballet

Whether this is the first time you have ever considered donning a pair of ballet shoes (which are not compulsory by the way - socks will do!)...perhaps you now attend adult ballet classes....or haven't danced a step since you were a child...a ballet class with ex Royal Ballet dancer Francesca, in our fabulous open-air studio, is certainly a memorable addition to your experience here in the Bubble! We are located up a sandy track and many taxi companies are not happy to negotiate this, and will leave you at the nearest road, thus incurring additional expense!
